

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

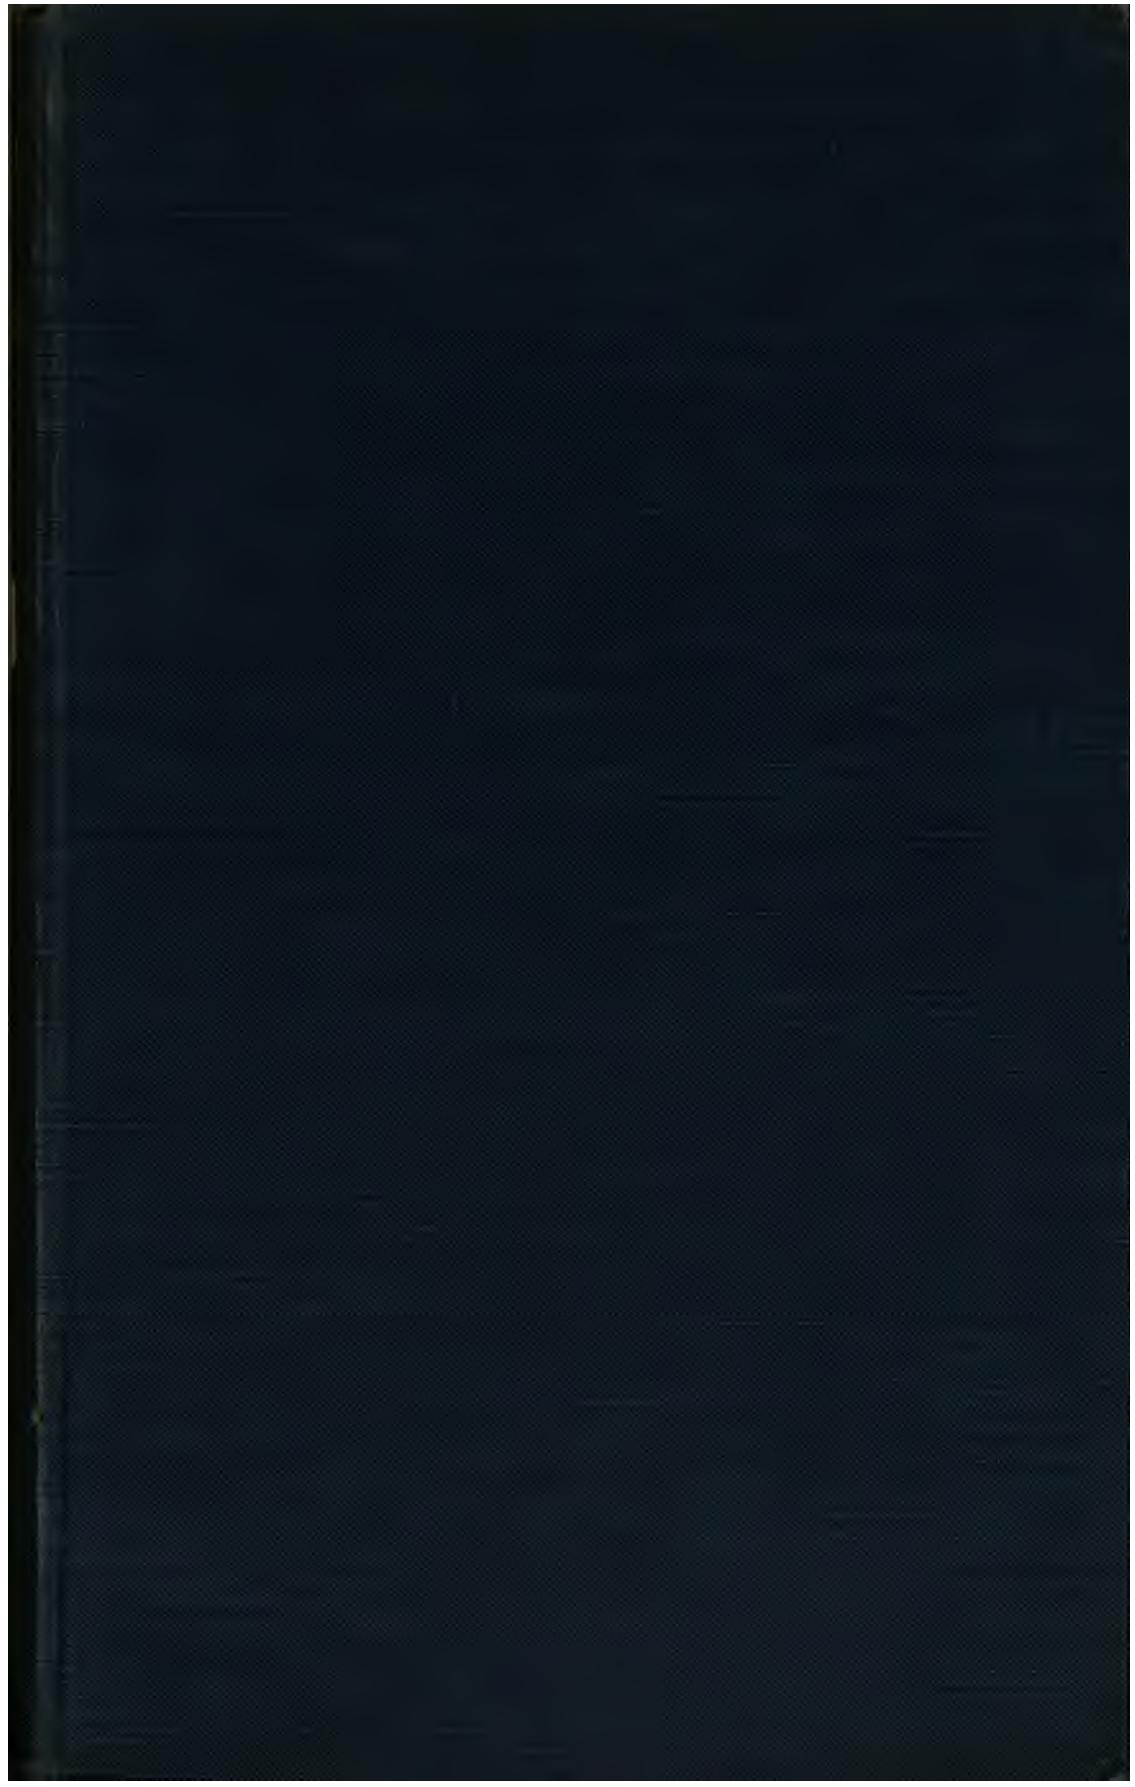

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

The Editors have the pleasure of issuing a second volume of Cornish Parish Registers, containing the marriages of eight parishes complete to 1812. These parishes have been selected from both the eastern and western parts of the county in the hope that thereby the interest in the work might be more widely diffused. This series represents the first systematic attempt to supply all classes in Cornwall with material for tracing family history, and the Editors would especially emphasize the need there is for further support amongst Cornishmen to enable them to issue with sufficient rapidity to complete all the parishes in the county within a reasonable limit of time. Already twenty-three parishes have been printed leaving about one hundred and thirty eight yet to be done. There is no reason why there should not be issued at least three volumes annually, meaning some thirty or forty parishes, a year. Then it would be possible to complete the whole county within three or four years. The boon that this would be to all Cornishmen, who are interested either in their family history, or in that of Cornwall generally, can easily be imagined. The Editors therefore beg to make an earnest call to help both as subscribers and transcribers. To the present subscribers they

especially appeal to make the series more widely known. They must bear in mind that it is volunteer assistance only which renders it even possible to print these registers at all.

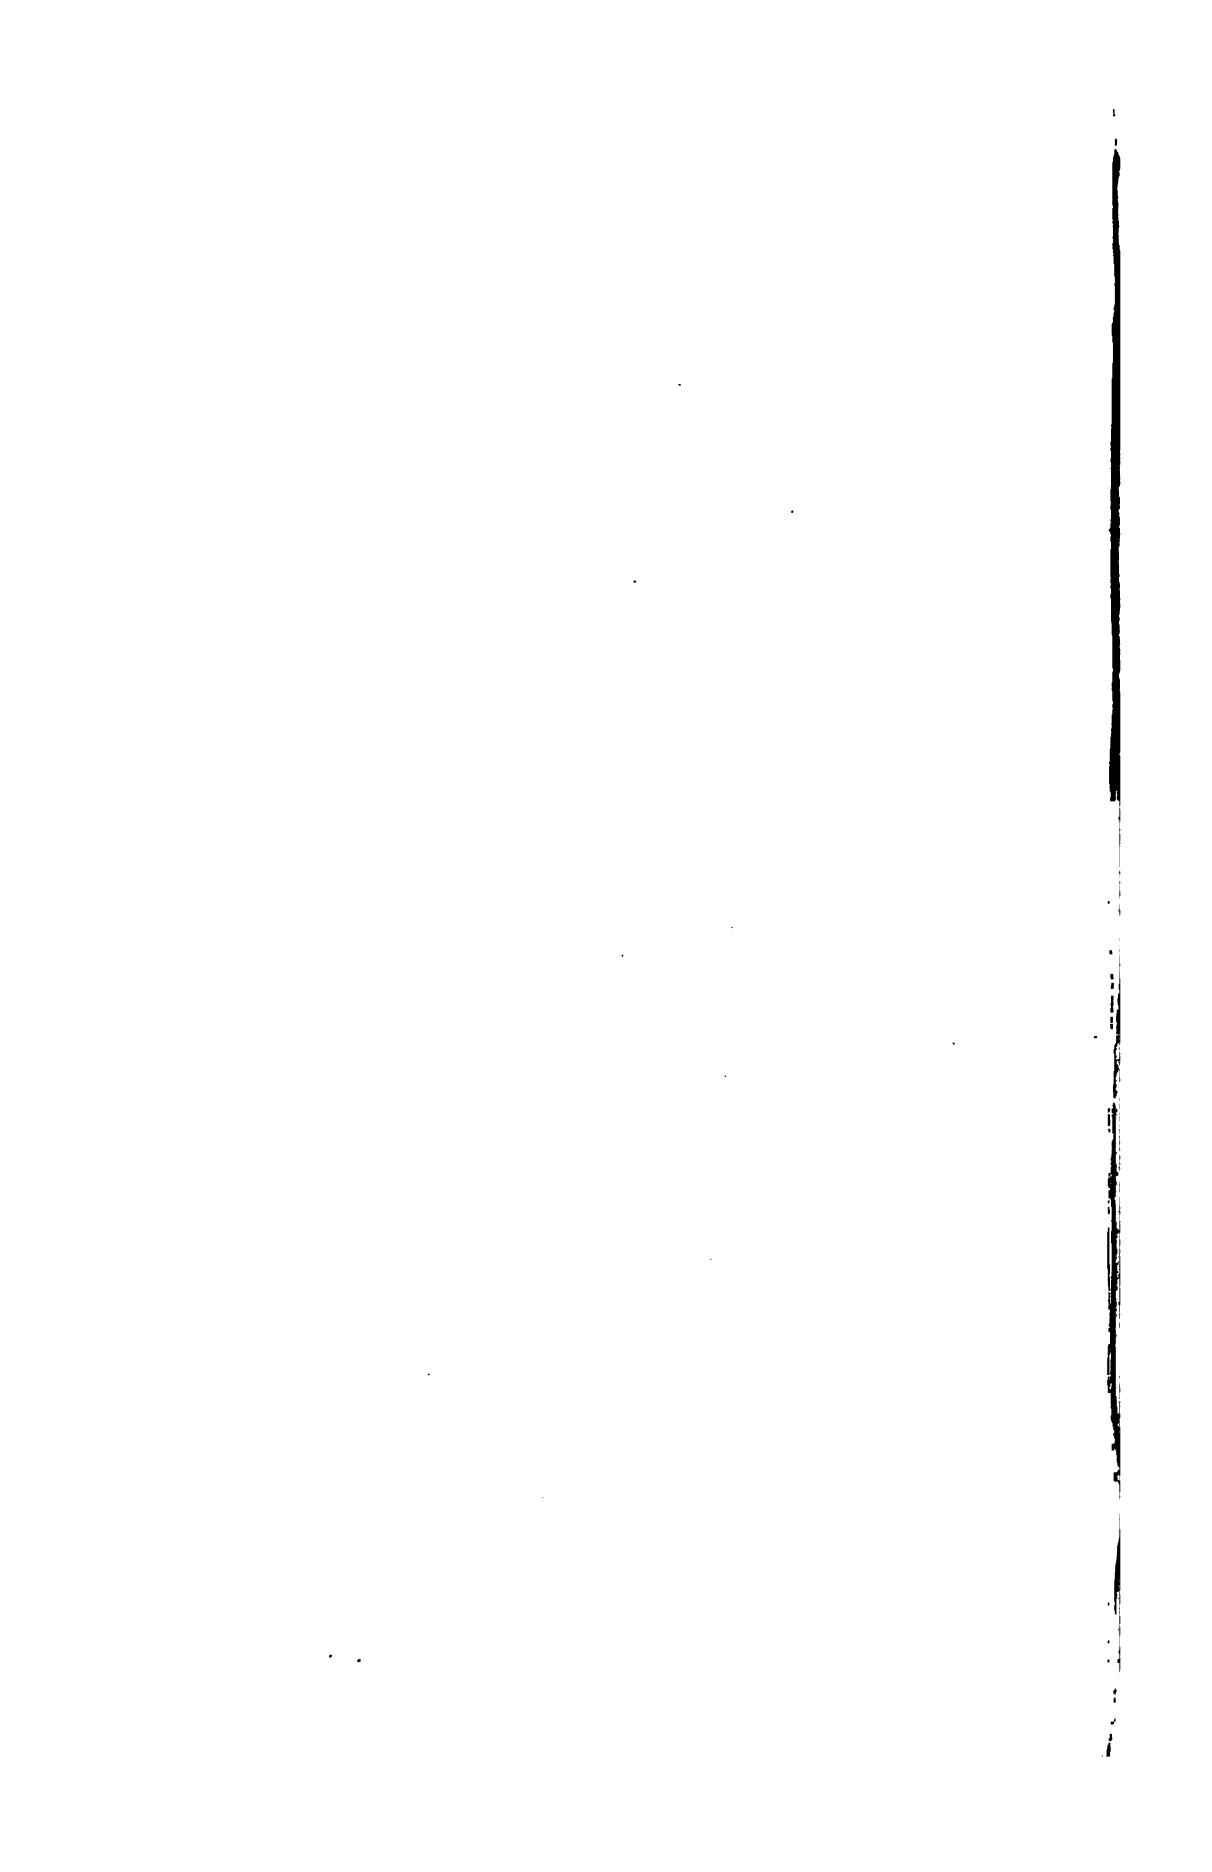

Increasing interest is now taken in genealogy and this must continue. It may be regarded as a duty to preserve from destruction by fire, theft, or forgery, these ancient records which concern all Cornishmen whether at home, in America, or in the English Colonies. Thanks are due to the parochial clergy who have kindly allowed the registers to be printed. Their names are mentioned under the several parishes. Further, the reader is greatly indebted to Mr. W. H. L. Shadwell, F.S.A., of Bodmin Probate Registry, who has allowed these Registers to be collated with the Transcripts under his care, thus adding largely to the value of this volume.

The reader must remember that these extracts are not legal "evidence," and that for certificates application must be made to the clergy in charge of the registers. As before, the volume is issued without an index. In due course the Editors hope to issue one general index to the whole county, but, for the present the most urgent need is to get the registers into print.

June, 1902.

Cornwall Parish Registers.

Marriages at Lanivet,

1608 to 1812.

NOTE.—The earliest Register of Lanivet Parish, now no longer extant, was, in the latter half of the 17th century, either in such a fragmentary condition that the scribe who commenced the new volume could only decipher a few of the then more recent entries or (as seems more probable) had then disappeared. The earliest *existing* volume is, on the whole, very beautifully written and suitably bound in calf. It commences with the year 1670. The transcripts in the Bishop's Registry at Exeter have supplied the first 13 marriages hereunder recorded. The Rev. Thomas Taylor is responsible for the copying and collating of these extracts which are printed by leave of the Rev. F. W. Paul M.A., Rector of Lanivet.

1588 to 1812.

NOTE.—The Tintagel Marriage record from 1588 to 1812 is contained in two volumes. The first is a bound book with parchment leaves measuring 14 inches by 8 inches, and contains Baptisms from 1569 to 1784. Marriages from 1588 to 1794, Burials from 1546 to 1796. The Marriages from 1588 to 1682 are in the same handwriting which is, on the whole, clear and legible. The second volume is furnished with the forms supplied in accordance with Lord Hardwicke's Act, and gives the Marriages solemnised between 1758 and 1812. The entries in duplicate have been compared. To the Rev. A. G. Chapman, B.A., Vicar of Tintagel, the Editors are indebted for permission to print the following list, which has been prepared for the purpose by the Rev. T. Taylor.

Marriages at Saint Tudy,

1560 to 1812.

NOTE.—Great care has been taken in transcribing the following Marriage entries from the St. Tudy Register, which is one of exceptional interest, especially in the earlier portions of it. Owing to the fact that the oldest volume had fallen out of its binding and that its leaves had become frayed and torn, the transcriber's work would have been vastly augmented but for the wise forethought of the present Rector who, a few years ago, got Mr. Yonwin, of the Public Record Office, to repair very carefully the tattered pages and to add a sumptuous binding of vellum. Considering that the ink of the earlier entries has, in some instances, eaten through the parchment, and that many of the pages are much discoloured and that the handwriting is as varied as possible, it would be hazardous to affirm that no errors whatever have been made. At the same time no pains have been spared for the sake of accuracy. These extracts are printed by leave of the Rev. C. Bridgewater, Rector of St. Tudy. The work of transcribing and also that of collating with the Exeter and Bodmin transcripts were undertaken by the Rev. T. Taylor.

Marriages at St. Mabyn,

1562 to 1812.

NOTE.—The following entries are taken from two volumes which have been, on the whole, very well kept. The first volume, which has parchment leaves and measures 11½ in. by 8 in., contains Baptisms from 1562 to 1757, Marriages from 1562 to 1759, and Burials from 1562 to 1758. It is a strongly bound book, in a good state of preservation. The Title-page states that it was "new bound in 1703 with the addition of 25 leaves to the Christenings, 10 to the Marriages and 20 to the Buryals," and is signed by John Bewes and George Hamley, Churchwardens. The second volume, which requires re-binding, consists of the forms prescribed by Lord Hardwicke's Act and gives the Marriages and Banns from 1754 to 1812. The entries have been abstracted by the Rev. Thomas Taylor and are printed by permission of the Rev. Richard Vautier, Rector of St. Mabyn and Honorary Canon of Truro Cathedral.

Marriages at Laneast,

1680 to 1812.

NOTE—There are no traces of any Register belonging to this Parish earlier than 1700. The Editors are indebted to the Vicar, the Rev. W. J. Wyon, M.A. for copying the entries subsequent to that date and for permission to print them.

The nineteen marriages at the head of the list are from the Bodmin Transcripts, from which it appears that there were no marriages at Laneast in the years 1676, 1796, 1682, 1690.

Marriages at Tremaine,

1674 to 1812.

NOTE.—The following entries are taken from two volumes, the first of which contains the Marriages from 1727 to 1752, and the second of which continues to the list to 1812. The former measures 13 inches by 8 inches, consists of parchment leaves, and requires re-binding; the latter measures 14 inches by 10 inches, and is much damaged. It will be seen that the entries contained in the Registers have been largely supplemented from the Archdeacon's transcripts with which the whole of the entries have been carefully collated. They have been extracted by the Rev. T. Taylor, and are printed by permission of the Rev. J. O. Adams, M.A., Vicar of Egloskerry with Tremaine.

Marriages at Phillack,

1572 to 1812.

NOTE.—The first volume of the Phillack Registers is a small book, elegantly bound in purple morocco containing Baptisms from 1560 to 1708, Marriages from 1572 to 1734, and Burials from 1560 to 1717. It consists of parchment leaves and is fairly legible throughout. The second volume, which has also parchment leaves, is of a larger size and continues the record as far as 1759. The forms prescribed by Hardwick's Act were introduced in 1754. The work of extracting the entries has been performed by the Rev. T. Taylor, who desires to acknowledge the valuable assistance which he has received from Dr. J. Hambley Rowe, Miss M. Pool, and T. E. Hockin, Esq., J.P., and the unfailing courtesy and encouragement of Canon Hockin, Rector of Phillack, by whose permission the following entries are printed.

Since the above was written the Church has had to mourn the loss of Canon Hockin. By his death the county of Cornwall is deprived of an ardent Churchman and a learned ecclesiastical lawyer, and the parish of Phillack of a diligent parish priest and liberal benefactor.
